

**Are you happy with your smile?
Do you want to smile with confidence?
Would you like a fast, effective and affordable way
to straighten your teeth?
Then QuickStraightTeeth™ may very well be for you.**

When you talk about braces, most people think of 'train-tracks' or the 'Ugly Betty' look! You can be assured that with QuickStraightTeeth™ there is no compromise on aesthetics or results. Our braces look great, feel comfortable and work quickly to give you a beautiful new smile. The system works using either clear aligners, or tooth coloured brackets and wires to ensure

that once placed in the mouth, the braces are almost invisible. Most people will be unable to tell you are wearing braces at all. QuickStraightTeeth™ gives you fast results because we do not address major orthodontic issues, instead the system works to gently level and align your front 6 teeth only to give you straight teeth...quickly!

Straighten and align teeth in just 4-24 weeks

Book QST and get FREE teeth whitening valued at \$390

When people often think of straightening teeth a few scary factors come to mind. Of course the main two are Expense and Appearance. Braces have been known to be very costly so much so that some people live in misery as they simply cannot afford the treatment they need and most likely want. Well now with QuickStraightTeeth™ that is a thing of the past! QuickStraightTeeth™ is designed for adults and aligns your 6 front teeth. With QuickStraightTeeth™ people can have the treatment they desire with multiple

advantages, lower cost and also almost invisible appliances, including tooth coloured braces or clear removable retainers.

Avon Valley Dental Centre aims to provide friendly and professional dental care to residents of Northam and surrounding areas of the Avon Valley. Our dentists Dr Vincent Lim, Dr Martin Lu & Dr Su Anne Au are graduates from University of Western Australia (UWA). We provide a wide range of dental services including general, cosmetic, preventive dentistry and implants.

We keep up to date with the latest technology and techniques at our modern practice.

Your oral health is our priority; we aim to provide long lasting and reliable treatment that is both functionally and cosmetically pleasing.

We understand people are not always excited to visit the dentist but we will do our absolute best to make you feel relaxed and comfortable. Our team of professionals are very friendly and approachable and will listen to your needs and expectations.
